

EQUESTRIAN

A rider in a maroon jacket and a black and red helmet is performing a dressage movement on a dark brown horse. The horse is in a collected gait, with its front legs lifted and its body arched. The background is a clear blue sky.

GWC has quickly become the provider of choice in equestrian logistics, providing end-to-end solutions for the transport of horses and related assets by land and air. Partnering with the best grooms and veterinarians during the transport and quarantine; the horses' arrival to their final destination is done safely and comfortably. From stable to stable and back again, GWC Equestrian provides the solution for every leg of the journey.

Passion

A close-up shot of a horse's legs and hooves as it jumps over a white obstacle. The horse is in mid-air, with its legs tucked under its body. The background is a blurred outdoor setting.

GWC encourages a culture of performance at every level, ensuring customer loyalty through delivering world-class services, solutions, and infrastructure. By acting as the client's diligent partner, GWC will tailor logistics and supply chain solutions that increases efficiency and reduces CAPEX.

GWC Equestrian capitalizes on proven track record of handling the equine logistics requirements for international horning events that took place in Qatar since 2014, in compliance with the highest international industry standards.

Equestrian events

GWC has been instrumental in supporting several international equestrian events held in Qatar, where the company provided:

- Coordination with owners and transporters in Europe
- Charter flights from Europe to Doha
- Tarmac supervision during loading/unloading of horses
- Construction of stalls at events
- Arranging of professional grooms and veterinarians
- Document collection and confirmation for entry and exit of horses

Transporting horses requires the utmost levels of respect and care to ensure their safe arrival – contact us today to see how we can help you by calling: +974 4449 3000 or email us at: info@gwcllogistics.com
